## TO WHOM IT MAY CONCERN

This serves to certify that the ethanol manufactured by **SASOL CHEMICAL INDUSTRIES LTD, 2 Sturdee Avenue, Rosebank, Gauteng, South Africa**, is sourced from coal and does not undergo any process of fermentation.

In terms of Halaal regulation, the product may be used as a manufacturing aid, solvent, carrier etc in food and non-food applications. The ethanol dosage in Halaal food applications should however, not exceed 0.5%.

Thanking You.

Yours sincerely,
